

## Customize Your Printer With Eltron's Low Cost Printer Accessories

### A C C E S S O R I E S

#### **Keyboard Display Unit (KDU)**

Retrieve stored forms and enter variable data via keyboard. The KDU features a two-line LCD that prompts for input and makes it easy to print labels in a stand-alone mode.

- Designed for stand-alone applications
- Prompts user from formats stored within printer
- Serial port with DB9 interface for scanner input.

#### **Battery Pack**

For stand-alone or remote printing, choose a Battery Pack for Eltron's desktop thermal printers. Snaps on easily to give you the flexibility of hours of battery-operated printing.

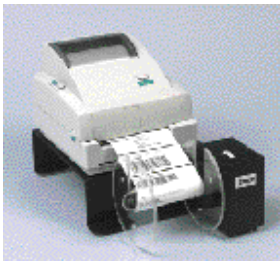

- Up to 12 hours of remote printing
- Ideal for medical, retail and shipping applications

#### **Cutters & Catchers**

Choose Eltron's high-quality, self-cleaning and sharpening tag and/or label liner cutters for your printer. Add a catcher to collect your cut labels and tags.

- Label and tag stock cutting
- Designed for most Eltron printers
- Label catcher saves time and improves productivity

#### **Rewinder**

Create neat label rolls with a rewinder for your Eltron printer.

- Multiple label lengths
- Multiple label widths
- Range of inner and outer roll diameters

### Peeler

Eliminate mess and potential safety hazards with Eltron's peeler accessory which strips label backing and presents labels for immediate application.

- Separates labels from liner
- Presents labels ready to apply

### TWINAX/COAX Converters

Choose protocol converters for use with either TWINAX or COAX environments for interfacing directly to IBM hosts.

### Media
